

AVAILABLE FILTER CARTRIDGES

**ECO-PURE POLY SPUN**

Provide high efficiency filtration for the removal of sediment in water supplies, removing sand, silt, dirt and rust particles.

- Ideal for:
- Mains drinking water
  - Rainwater
  - Dam water / Bore water
  - Pretreatment for UV treatment systems

Available in 1micron, 5micron, 20micron and 50micron

PRICE (inc. GST)

MODEL	MICRON	PRICE (inc. GST)	CODE
POLY SPUN 10"	1micron	\$3.90	5571020000
	5micron	\$3.90	5571030000
	20micron	\$3.90	5571050000
	50micron	\$3.90	5571060000
POLY PLEATED 10"	20micron	\$7.60	5571250000
BLOCK ACTIVATED CARBON 10"	5micron	\$9.40	5572120000

**ECO-PURE POLY PLEATED**

Ideal for removal of sand, silt, dirt and rust particles from drinking water. These elements have up to 7 times more holding capacity than traditional rope wound elements. Suitable for repeated re-use by simply washing in warm soapy water.

- High flow rates improving water pressure and flow
- Pre-treatment for poly spun elements and UV treatment systems
- High dirt holding capacity lengthens cleaning intervals

Available in 20micron

POLY SPUN JUMBO 10"	20micron	\$16.80	5571150000
	50micron	\$16.80	5571160000
POLY PLEATED JUMBO 10"	20micron	\$24.10	5572050000
BLOCK ACTIVATED CARBON JUMBO 10"	5micron	\$37.00	5572220000

**ECO-PURE BLOCK ACTIVATED CARBON**

Designed to remove unpleasant taste and odours as well as removing fine sediment. This design makes it an excellent filter for removing contaminants, to ultimately produce cleaner, clearer and simply better tasting water.

- Removes:
- Bad Taste and Odour
  - Chlorine
  - Pesticides and agricultural sprays
  - Metals such as lead

Available in 5micron

WATER FILTRATION

10" FILTER HOUSING KIT

**\$29.<sup>95</sup>**  
RRP  
INC. GST

Ideal for point of use, the 10" filter housing kit has a unique advantage of being compact and durable, making it suitable for use in a range of different situations at work or home. The clear bowl is ideal for monitoring filter condition, however must be protected from sunlight to prevent bacteria growth.

CODE: 5570110000

**BENEFITS**

- durable and economical
- easy to install
- easy monitoring of filter cartridge condition

- SUITABLE FOR**
- under-sink kitchen
  - one bathroom
  - small house

HOUSING KIT INCLUDES

10" Filter Housing

Poly Spun 20micron filter

Spanner

Mounting bracket and 4 x screws

Max Working Pressure	8 bar (116psi)
Max Working Temperature	45°C (113°F)
Inlet/Outlet Size	25mm (1")

## 10" JUMBO FILTER HOUSING KIT

**\$89.<sup>95</sup>**  
RRP  
INC. GST

Ideal for the complete house system the 10" JUMBO filter housing kit offers the versatility to meet all of your large-capacity filtration needs. The large housing allows for greater cartridge capacity, suitable for high-flow and heavy sediment applications. The housing bowls are constructed of durable reinforced polypropylene.

CODE: 5570150000

**BENEFITS**

*robust ribbed housing*  
*suitable for internal or external use*  
*flow rates up to 100 lpm*

**SUITABLE FOR**

*two bathrooms*  
*small house*

**HOUSING KIT INCLUDES**

10" JUMBO Filter Housing

Poly Spun 20micron filter

Spanner

Mounting bracket and 4 x screws

Max Working Pressure	8 bar (116psi)
Max Working Temperature	45°C (113°F)
Inlet/Outlet Size	25mm (1")

## 20" JUMBO FILTER HOUSING KIT

**\$164.<sup>95</sup>**  
RRP  
INC. GST

Ideal for the complete large house system the 20" JUMBO filter housing kit offers the versatility to meet all of your extra large-capacity filtration needs. The large housing allows for greater cartridge capacity, suitable for high-flow and heavy sediment applications.

CODE: 5570190000

Max Working Pressure	8 bar (116psi)
Max Working Temperature	45°C (113°F)
Inlet/Outlet Size	32mm (1 1/4")

**HOUSING KIT INCLUDES**

20" JUMBO Filter Housing

Poly Spun 20micron filter

Spanner

Mounting bracket and 4 x screws

**SUITABLE FOR**

*small irrigation*  
*three bathrooms*  
*double story house*

**BENEFITS**

*robust ribbed housing*  
*suitable for internal or external use*  
*flow rates up to 200 lpm*

## 10" TWIN FILTER HOUSING KIT

**\$139.<sup>95</sup>**  
RRP  
INC. GST

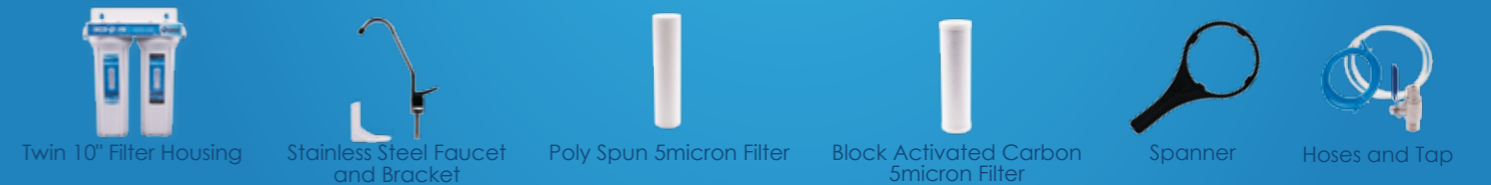

Ideal for point of use, the 10" twin filter housing kit combines the benefits of the poly spun filter cartridge with the block activated carbon filter cartridge producing cleaner, clearer and simply better tasting water.

CODE: 5570250000

Max Working Pressure	8 bar (116psi)
Max Working Temperature	45°C (113°F)
Inlet/Outlet Size	6.35mm (1/4")

**HOUSING KIT INCLUDES**

Twin 10" Filter Housing

Stainless Steel Faucet and Bracket

Poly Spun 5micron Filter

Block Activated Carbon 5micron Filter

Spanner

Hoses and Tap

**SUITABLE FOR**

*under-sink kitchen*

**BENEFITS**

*clean healthy drinking water*  
*complete system*  
*quick and easy installation*
